The Knife River Music Festival is a function of the Two Harbors Folk Festival, a 501c3 nonprofit organization. We have a mission to showcase the best in regional and national talent in a family setting, at a wonderful new location - Knife River, MN.

The work of planning, manning and setting up the festival comes largely from our volunteers. The board of directors is made up of regional individuals with a common interest in preserving roots music and creating a regionally focused presentation of some of the very best talent the region has to offer.

We strive to make the festival family-friendly, and include special programs to encourage children of all ages to become actively involved in hands-on activities and performances in regard to the festival's Children's Tent offerings.

We are constantly seeking festival sponsors and donors to assist us in helping cover the costs of putting on such a expansive festival. If you would like to become a sponsor or tax-deductible donor, please fill out the form below and send it, along with your check to:
